Pop Vriend Seeds

'We continuously improve our varieties. Especially with hybrid spinach, disease resistance is key'

Johan Rijk, Senior Breeder spinach

Client first

We cherish our personal service, short lines and always put our customers interest first.

Sustainable growth

We export our vegetable seeds to over 100 countries around the world.

The power of partnership

Our passion for great genetics combined with KWS's superior technology already delivered some great results.

Front runner

We focus on a limited number of crops in which we strive to be a top 3 player.

Passion for genetics

We innovate with a long term perspective, together with our clients.

Growth rate

1 = Very slow growth

9 = Very fast growth

Colour rate

1 = Very light green

9 = Very dark green

Resisitance

Pe Peronospora effusa

HR High Resistance

IR Intermediate Resistance

POP VRIEND SEEDS IS A SUBSIDIARY OF KWS VEGETABLES BV

Figures and information in this brochure are based on the average results of large scale plantings under European conditions and may vary with local environmental and agronomic conditions, grower skills, microclimate and soil structure. Resistance is the ability of a plant variety to restrict the growth and development of a specific pest or pathogen and/or the damage they cause when compared to susceptible plant varieties under similar environmental conditions and pest or pathogen pressure. Resistant varieties may exhibit some disease symptoms or damage under heavy pest or pathogen pressure.

Pop Vriend Seeds does not accept liability based on the information in this brochure for deviating results in the cultivated product. Buyers and users of Pop Vriend Seeds varieties are responsible to determine suitability of the seeds to intended cultivation and local circumstances.

All contracts for delivery of goods are subject to our general terms of sales and delivery, which you can download from our site www.popvriendseeds.com. You can also ask for a copy by e-mail via info@popvriendseeds.nl.

In addition ISF rules are in force.

Please check our website for the most updated technical specifications of our varieties.
